### E: Long Comprehension.

The brain is where we do our thinking. Faster than the fastest computers, our amazing brain controls everything we do, and it keeps working even when we sleep. The human brain is divided into 2 parts. The left part of our brain controls the right half our body and the right part controls the left. Each part also controls special functions 1. In a right-handed person the left part of the brain is used for language and numbers, while the right part is the most artistic part and is also used for recognizing 2 objects.

(1). کارکرد- عملکرد (2). تشخیص
