Hi there, when you travel, it's important to stay safe. Here are some things you can do to stay safe while traveling: first, check information about the place you are visiting; learn about any dangers or health issues you need to know about. You can find this information on the internet, or by asking someone who's been there before. Next, always watch your things; don't leave them alone, and try not to carry too much money or expensive things.
